MODULE LEARNING OUTCOMES:

1. Describe Social Awareness
2. Describe importance of Social Awareness to all areas of social life
3. Apply Social Awareness to employment settings

SOCIAL AWARENESS

Social Awareness determines exactly how behaviors are chosen; is one's behavior for their own self-interest or for some mutual interest in a group? Social awareness involves a personal ability to demonstrate empathy, organizational awareness, and a dedication to service. This would be a type of service that benefits others and not just the self.
